

PEBBLE

Inspired by pebble stones, PEBBLE is characterized by its round shape and smooth texture. The spout of the teapot is touched up by skilled craftsmen, making sure it is easy to pour and drip-free. It comes with a stainless steel strainer that makes it suitable for everyday use.

CERAMIC LAB

CLK-151 items have a humble yet dignified presence. Rough texture of the clay peeks out at the bottom under the calm color glazing, and the bottom edges give a sharp impression reminiscent of quarried stone. The handle of the teapot can be gripped comfortably, and the spout is designed so that it is drip-free. The large strainer is easy to clean and allows tea leaves to open widely inside to release their flavor.
